Cable USB 2.0-A male > 2 x USB 2.0-A male

Description

This USB 2.0 cable by Delock can be used for additional power supply for connection of an USB device. Just connect the two cable heads to two USB ports of your system and the single cable head to your device. Thus the second USB port will be used as additional power source. The higher wire gauge of power and data line ensures a safe connection between your device and system.

Ref.	82769
